Around The Square

Otto Cann, in speaking of Tater Day, said that it seemed to him that Hadaeol had about put the medicine men out of business.

Sadie Sheppard Henson dressed up for a part in a minstrel show at Maplesprings a few days ago and had everybody fooled. She walked up to Charlie Burd, a neighbor, and ask the way to Benton; he saw she was a colored man and politely told her the direction. Mrs. Burd recognized her though and they had a good laugh—about that time State Trooper Futrell of Murray drove up and stopped, he ask the Burds if that fellow was molesting them. The Burds told him who it was but later wished they had kept still and let him haul her in, or at least start in with her.

The minstrel must have been a dandy when one of the characters could fool a friend that way.

The primary elections were held across the river in Illinois this week, and it brings to mind the two little colored boys listening to a politician making a speech. One of them turned to the other and said, "Who am dat man?" The other rolled his eyes and said, "I don't rightly know, but he sho' do recommen' hisself."

That donut machine at Pat Moore's cafe just sets there, it hasn't turned out a single donut to date.

Mrs. Amy Ivey writes from Detroit, Michigan to say that she sure enjoys reading the column by the new writer, Laverne Thweatt. Maybe she doesn't know it, but the entire staff enjoys reading the report from Brezeel too.

The Gilbertsville American Legion Post and its Auxiliary is going all-out to cooperate with the Legion's "Spiritual Crusade." They have a schedule of various churches which they will attend in a body the next few weeks.

Retired Lt. Commander D. O. McPhee and his good wife have just returned from Memphis where they went to celebrate their twenty-third wedding anniversary.

Bob and Dolly Cornwell were in Benton Sunday, visiting from their new home in Tennessee. It was reported here that Bob was wearing a new pair of shoes and driving a new Mercury automobile.

Lake Service Is Extended

A report comes in of a new Kentucky Lake service. Fisherman's One Stop on U. S. 68 at Kentucky Lake is really going all out in their preparations to assist their friends and customers toward not only an enjoyable vacation or fishing trip, but a successful one. The Country Boys have just acquired the fishing concessions for the small inland lakes of the 68,000-acre Kentucky Woodland National Wildlife Refuge.

There are times when, in any large body of water such as Kentucky Lake, rough or other waters conditions are not suitable for fishing. In such cases, Fisherman's One Stop guests will not be left to sit around their cottages to fret and fume, but will be directed to the quite, clean lakes of the Refuge where new boats, bait, etc., will be waiting. Best known of these lakes is 125-acre Hematite, which produced bass up to slightly over nine pounds last season.

The reason these lakes opened Saturday, April 1, and, as much as March winds would have it, Kentucky Lake rolled. One Stop's secondary fishing spot was thrown into use with fairly good success, that is to say the boys who used live minnows caught fish, reporting one 7lb. bass, one 5lb. and several in the 3 to 5lb. range, but the fellows who insisted that a fish must be caught with plugs had a rough way to go.

Shower Given Egners

A household shower was given for Mr. and Mrs. Virgil Egners Friday evening by Mrs. Nelson Cherry and Mrs. Fred. Willie at the home of Mrs. Willie in Calver City.

Grove Saddened By Deaths This Easter

Cherry Grove:

By Effie Bowden

This scribe was kept busy saddened by the passing of two of its elderly residents—Mrs. Dora Burd, age 94 and Mrs. Mary Greene, age 80. Probably no time at Easter before had we such joy in believing in the resurrection of the dead when these two mothers of our Grove were so completely held in deaths embrace. We were fully persuaded there is fullness of joy that awaits the resurrection of these bodies not after mortality but immortality. Our flowers were bursting forth from each tiny bud astir; and we were astir with life and hope.

Mr. and Mrs. Clyde Greene and family of Detroit, also Mrs. Ed McEly of Nashville; Mr. and Mrs. Wallace Greene of Pineville, Ky. were called home Saturday by the sudden death of their mother and grandmother, Mrs. Joseph Greene of the Grove.

Mr. and Mrs. Turner Belle near Symsonia attended the funeral services of Mrs. Greene Monday, held at Pleasant Grove Methodist Church.

Mrs. Flora Darnall Croft of Fulton, attended church services at Soldier Creek Church Saturday and Sunday and visited with her children in Benton.

Mrs. Janie Smith and daughter, Mabel Cornwell, of Paducah attended the funeral of Mrs. Dora Burd Sunday at the Filbeck Chapel.

Mrs. Gertrude Smith of Benton spent Sunday night with this scribe.

This scribe was kept busy in the Tribune office on Tater Day. The rain poured and the friends of the Tribune "Poured" — Eclipse Hand and Power Lawn Mowers, Heath Hdwe. & Furn. Co.

Benton School To Be Evaluated

Benton High School will be evaluated April 19, 20, 21 by a committee of educators from the University of Kentucky, State Department of Education, Murray State College, and school superintendents and principals appointed by the Southern Association of Colleges and Secondary Schools. Benton High School has been a member of this association since December, 1929. At present there are 122 of the 640 high schools in the State of Kentucky members of this association. Membership in the association enables graduates to enter the colleges and universities of the United States without entrance examinations. The Southern Association, which was organized in 1885 in Atlanta, Georgia, comprises 11 southern states. The purposes were: 1. To organize Southern schools and colleges for cooperation and mutual assistance; 2. To evaluate the standard of scholarship and to effect uniformity of entrance requirements; 3. To develop preparatory schools and cut off this work from colleges.

The following educators are serving on the committee: Dr. M. E. Ligon, College of Education, University of Kentucky, Chairman; Mr. W. Z. Carter, Superintendent Murray City Schools, Murray, Kentucky; Mr. John Robinson, Director, Murray Training School, Murray, Kentucky; Mr. Walter C. Jetton, Principal Highman High School, Paducah, Kentucky; Mr. Harry Sparks, Murray State College, Murray, Kentucky; Mrs. Lois Haws, Fulton High School, Fulton, Kentucky; Miss Regina Senter, Library Science, Murray State College, Murray, Kentucky; Mr. E. B. Whalin, Department of Education, Frankfort, Kentucky.

Tobacco Row

By Holmes Ellis

The Indians who introduced tobacco to early Americans little suspected that tobacco would be one of the economic forces that would hasten the settlement of the United States and continually drive them westward. The tobacco plant, according to plant breeders, originated in South America and has since spread throughout the world — today tobacco is produced in every major country of the world except Hawaii and Greenland.

China and India are both very large producers, in fact, China in 1931 produced more tobacco than the United States. Today both countries are still large producers though they consume most of their production.

Most of the countries of Europe, including Russia, are producing tobacco in quantities. Italy, once the principal user of dark-fired tobacco, is now producing more dark tobacco than is produced in the entire Western District today. Italy started raising dark tobacco during the night riding era and has not purchased dark tobacco from the United States in many years. Spain, who once imported large quantities of low grade dark fired tobacco, now purchases their principal requirements from South America.

France, Holland, Belgium, Switzerland, Germany and Finland are the principal European countries importing dark fired tobacco at the present time. He is negotiating, by the help of dealers, for the sale of cutting tobacco out of the 1948 crop to Holland and chewing tobacco for Germany. France is also expected to purchase several hundred horseheads in the near future from our 1947 and 1948 crops, selecting the *Alou French* grades. These purchases are being financed largely through Marshall Plan funds (now Economic Cooperation Administration).

Speaking of money — our 1949 crop sold over the loose leaf floors, brought farmers \$4,044,056.96 for an average of \$24.83 per cwt. Also, approximately 500,000 pounds of dark fired tobacco was sold at the barn. The dark air cured (one-sucker) totaled 3,777,783 lbs. and returned growers \$924,825.63. These figures imply that dark tobacco is still KING in this area and if plant beds are an indication—tobacco will wear the crown next year.

Around the County Farm Front

By J. Homer Miller

CHARLIE BURD added another good head of growing herd. He purchased "Miss Seth Domino" from Lovell Brothers, Henshaw, Kentucky. Mr. Burd wants it to graze good pasture.

DON'T FORGET TO TREAT THAT PLANT BED when the plants have two true leaves with blue stems again 10 days later. \$1.00 now may save hundreds later.

LEAMON WALKER has been figuring how much he has in his pasture last year. "If I had made 50 bushels of corn — didn't have to plow, plant, cultivate or harvest — would have lost money. My net was over \$50 per acre in ture and no work. Four years ago this land wasn't making a thing," Mr. Walker says.

EARL DEVINE near Calver City is, having good alfalfa for pasture and hay. Mr. Devine reports, "I have 50 head of hogs on four acres of alfalfa and cut over 100 per acre last year. I think I can do as well this year."

COVER CROPS WILL furnish a lot of pasture now as well as good for turning under later. This will give regular pastures a chance to get a good start.

FRANKLIN CLARK is becoming interested in a herd on his farm. He is thinking of starting a "Gard" later. "I have to get good pastures first—you can't have livestock program without grass and clover," Mr. Clark says.

IT LOOKS LIKE strawberries will be blooming in a few days. Spray with 5-5 dust (chloridene and DDT) when the buds are open. Get your material ready now.

ALL 18 4-H CLUBS in the county have held their Rally Days. The winning demonstrators will compete in honors April 29 at the Benton High School. A full program has been planned.

Brazeel News

By Laverne Thweatt

Well, Easter has come and gone, and it was a very nice day for egg hunts, and I guess all the children enjoyed the day, and the grown ups, too. Those who had new Easter outfits at least well, I can't tell any difference this morning but what I had a new outfit on yesterday.

School is out, and the kids down this way are lost they are in this morning, planning to fix their lunch before good day-light. They are all sorry school is out.

Mr. and Mrs. Wilson Wood, and Mrs. O. Wood visited Mr. and Mrs. Howard Wood Sunday.

Mr. and Mrs. Clint Wood, D. G. and Mr. and Mrs. Donald Wood and family, were Sunday visitors of Mr. and Mrs. Avery McManus.

Mr. and Mrs. Fred Hunt attended an egg hunt at Miss Ruth Peirce's yesterday.

They have been several sick ones around here the past week. Walter Wood's family have all been sick with the flu.

Congratulations to Mr. and Mrs. Ralph Tynes on the arrival of a fine baby boy.

Mr. and Mrs. Clint Darnell, Mrs. Lela Thompson and this family were visitors at Mr. and Mrs. Leonard Thompson's Sunday.

Mr. and Mrs. James Hamlet visited Mr. and Mrs. Bart Ivey on Sunday.

Well, the way the wind is blowing today it sounds like March, more than April, may be it will blow all the trash off the yard, and I won't have to rake it.

Mr. and Mrs. Jack Harrison and Mrs. Ethel Smith visited Mrs. Charlene Brockman and family Sunday.

Well, after filling out that census book I just haven't got any sense left, to think of any news I told all I knew and more to in filling that out.

Well, we have got some new bridges down this way.

Gilbertsville Legion To Attend Churches

The monthly meeting of the Harrison Vickers Post No. 144, the American Legion, was held at Gilbertsville Monday night, April 10. A number of important items of business were discussed by the membership including the "Spiritual Crusade of the American Legion." In conformity with the nationwide appeal for divine guidance that has been initiated by National Commander George N. Craig, who has requested that the various posts throughout the department of Kentucky take an active part in this program beginning on April 16.

In compliance with Commander Craig's request the membership of the Gilbertsville Post voted to cooperate with Mr. Craig's program to the fullest.

Sunday, April 16, the post and Auxiliary will attend two church services in a body. The group will attend morning services at the Methodist Church in Brinsburg and the evening services at the Baptist Church in Gilbertsville.

The following Sunday, April 23, the membership of the post will attend church at Grand Rivers, the church and time have not been decided.

A Layman's View On Easter Sunday

By L. A. Moore

The atomic bomb is a reality. The hydrogen bomb is a probability. Their destructive possibilities are in some measure comprehended by most men, filling their minds with doubt, apprehension and fear. Envy, greed and hate which seem to rule many men in these times would not hesitate for one minute to use these destructive forces to drive the last vestiges of goodness from the earth. Brotherly love, freedom, liberty and justice are the things that make living tolerable and to which most men hold fast. These things are not tangible and yet they are not mere creations of foggy thinking. They are very real.

LEGAL NOTICE TO BIDDERS

Sealed proposals for the furnishing of labor and materials for the construction of the proposed Municipal building will be received by the City Clerk of the City of Benton, Kentucky until 7:00 P. M., May 1, 1950 and will be immediately opened and publicly read.

Copies of the drawings and specifications and prevailing wage scale may be obtained from Perry Foster at 1410 Poplar Street, Benton, Kentucky on or after April 15, 1950. Each bid is to be accompanied by a certified check or bid bond executed by the bidder and a Surety Company licensed to operate in the State of Kentucky in the sum of 5% of the amount of the bid. The bond is required as a guarantee that if the bid is accepted, a contract will be entered into and the performance of it properly secured.

WITHDRAWAL OF BIDS: Unless contrary to statutes of the State of Kentucky, no bidder may withdraw a bid submitted for a period of thirty days after the date set for the opening of such bids. The right is reserved to reject any or all bids.

Joe Williams, City Clerk.

People In Jonestown Are Feeling Good

BENTON ROUTE 5

Everyone in Jonestown is feeling pretty good at the time this is written. Many are planning on planting gardens, potatoes and etc. pretty soon, if it will just slow down on the rain. There have been lots of people coming in on week ends to fish in Kentucky Lake again.

Mr. and Mrs. Clyde Odom and boys, Charles and Bobbie, were Sunday evening guests of her mother, Mrs. Rosie Mathis. Mr. and Mrs. Dale Greer and children, Barbara, Nell and Ronald, spent Sunday with Mr. and Mrs. Avie Jones. Mr. and Mrs. Cecil Champion and children spent the week end with her mother, Mrs. Helen Farley.

On March 15, friends gathered at the home of Mrs. S. Tubbs for a birthday party. Those attending were Mrs. Grace Hughes, Mrs. Grace Odom, Miss Marie Odom, Mrs. Helen Farley, Mrs. Ruby Jones, Mrs. Lettie Sweet, Mrs. Gertrude Clark, Mrs. Roma Odom, Mrs. Retha Mathis, those sending gifts were Mrs. Erma Wright, Mrs. Lue Anderson Games served. Everyone had a nice time and Mrs. Tubbs received many nice gifts. In the evening all went home wishing her many more happy birthdays.

Mrs. Grace Odom is on the sick list again this week. Waymon Farley and Kenneth Sirs were in Benton Saturday.

Joe Lofton Says Improvement Of Pasture Important

Joe Lofton, near Little Cypress has found that pasture improvement as a part of a complete soil and water conservation plan pays good profits. Ten acres of spot seeding of Ky. 31 fescue was done last fall in a 24 acre hilly field. 14 calves and 12 sheep have been grazing on it about all winter. "The secret to success in fall seeding of grasses and legumes is a firm seedbed," said Lofton as he showed us a poor stand where the seedbed was prepared by disking.

Eura Mathis, Sam Gold, Homer Chester, and J. M. Solomon were present Saturday at the regular monthly meeting of the Marshall County Soil Conservation District Supervisors. A motion was approved to take a lifetime membership in the County Fair Association and to purchase a half page advertisement in the Fair Book. Plans were made to go on a tour Thursday to see soil conservation practices at work on the land.

"That water is clear enough to drink," said J. M. Solomon as he watched water gushing from terraces on the Watkins Brothers farm. He made this observation during the heavy rain on Tater Day. The grass, terraces, and sod waterways are doing a complete job of saving the soil in the field which joins the Calvert City Highway.

Scott DeMeyer, Soil Conservation Service technician, delivered the conservation plan for Oscar Pett, near Sharpe last week. Found him putting a new woven wire fence around a hill instead of straight up the hill. Fences located in this way will prevent the gulches which are started by livestock walking up and down the hill by the fence. Also makes contour farming easier to do with less short rows.

Dr. T. W. Haynes, Benton, has set out some Russian Mulberry, Siberian Pea, nine barks, and black walnut trees on his farm south of Glade. These fruit bearing trees which furnish food for wildlife. Bi-colored lespedeza set out in 1948 for the same purpose has made good growth.

"April Showers Bring May Flowers"

CALVERT CITY ROUTE 1

By Mrs. Clint Greer

Another week is beginning and more rain, but who knows how many May flowers we'll have this year, for "April showers bring May flowers," but let's hope we don't have too many showers.

Hope this doesn't go in the waste can, but someone has to write the news in this section. For Mrs. Dea Jones is so busy she just doesn't have time it seems.

We had good attendance at church Sunday, even though lots of our members were sick. Mr. and Mrs. Dale Greer and The Altona Baptist Church has set Sunday, May 1 as the day to begin their vacation bible school and revival at night. Everyone is cordially invited to attend both. Rev. Gobel Harris has consented to preach for us on the 3rd Sunday of this month.

Get well wishes go to little Judy Bowman, Keith Greer and to the Walter Stevenson family. Also to Raymond Greer and Mrs. Lela Powell. Heard Mrs. Dillard Watkins and Sandra Lee Russell were sick the past week, and hope they are better now.

Mr. and Mrs. Elzy Egner and children, and Mr. and Mrs. Edison Stevenson were Sunday visitors of Mr. and Mrs. Raymond Greer.

Mr. and Mrs. Alton Greer and children spent Sunday with Mr. and Mrs. Raymond Timmons.

Mr. and Mrs. Glenn Watkins and son visited Mr. and Mrs. Dillard Watkins Sunday.

Mrs. Harlod Reed is visiting her brother who is ill. She will leave Thursday for her home in Detroit. Mr. Farley is reported as getting along fine. Mr. and Mrs. Lindel Stevenson were honored with a household shower Friday afternoon at the home of Mrs. Walter Stevenson.

Mr. and Mrs. Virgil Egner were also honored with a household shower Friday night at the home of Mrs. Freddie Willie. Large crowds attended both showers.

By goes Mr. and Mrs. Leland Greer and children to spend a few hours with Mr. and Mrs. Louie Greer and family.

Sympathy to Mrs. Jimmy Draffen whose sister was buried Sunday.

Thought for the day: "Always smile and your burdens will be lighter."

If this is printed, I'll try to write more news next week.

BAPTIST BOARD TO MEET IN BENTON MONDAY

The Executive Board of the West Union Association of Baptists, representing thirty-nine churches in Marshall, Ballard and McCracken Counties, will meet with the First Baptist Church in Benton, Monday evening, April 17. Supper will be served by members of the Woman's Missionary Society at 6:30 o'clock, following which the business of the Association will be transacted. Each pastor and Board member is invited to attend this important meeting of the Board.

Vacation Cottages At Kentucky Lake Park To Be Shown
The first vacation cottages in one of Kentucky's newest parks - Kentucky Lake State Park - will be unveiled to the public Sunday, April 16. Fifteen cottages have been completed at this park, and will be ready for occupancy that day. They are a departure from the typical rustic park cabins, for they are modernistic in design and furnished in a modern style. The cottages are built of stucco, and range in size from one to four rooms. Each has a bathroom and kitchenette, and are completely furnished, with dishes, cooking utensils, linens and other facilities.
In addition to seeing the new cottages at the open house to be held April 16, the public also is being invited by the State Division of Parks to inspect other facilities in the park, including the bath house and beach, the concession building, picnic shelters and the boat dock.
While some of these facilities were placed in operation last year, the forthcoming season will be the first for the complete operation of Kentucky Lake State Park as a going concern.
William Hamrick is superintendent of the park. The post office address is Hardin, Kentucky.

Interesting Bible Study Riddle Presented To-Day

Readers Expected To Turn In Many Answers To This Office

F. M. Crocker Is Sure Many Will Work It Out

Are you a bible student? If so this riddle will interest you. F. M. Crocker of Calvert City route 2 brought to this office the following riddle which is easily one of the most interesting we have ever seen.

Read it, study it, mail or bring us your answer as soon as you decide. We want to publish some of the answers in the Tribune. In two weeks we will publish the correct answer. It is so simple that if you fail to figure it out, you will wonder why, when you see the answer.

A great many years ago, a prominent merchant in Toronto, promised to an eccentric old woman named Lucy King, living in the neighboring town of Berkeley, a desirable prize, if taking her subject from the Bible, she would compose a riddle he could not guess. She won the prize with the following:

Adam, God made out of dust, But thought it best to make me first, So I was made before the man

To answer God's most holy plan, My body God did make complete, But without arms or legs or feet, My ways and acts He did control, But to my body gave no soul, A living being I became, And Adam gave me a name, I from his presence then withdrew, And more of Adam never knew, I did my Maker's law obey, Nor from it never went astray, Thousands of miles I go in fear, But seldom on the earth appear, For purpose wise which God did see, He put a living soul in me, A soul from me, my God did claim, And took from me that soul again, For when from me that soul had fled, I was the same as when first made, And, without hands, or feet or soul, I travel on from pole to pole, I labor hard by day and night To fallen man I give great light, Thousands of people young and old, Will by my death great light

behold, No right or wrong can I conceive, The Scriptures I cannot believe, Although my name therein is found, They are to be empty sound No fear of death doth trouble me, Real happiness I ne'er shall see, To heaven I shall never go, Or to the grave or hell below, Now when these lines you have slowly read, Go search your Bible with all speed, For that my name is written there, I honestly to you declare.

EDITOR'S NOTE: Can the readers of the Tribune answer this riddle? If you know the answer, write a letter to The Tribune-Democrat and tell us, giving your reasons why you think you are right. We want to know how thorough the Bible is read in this county.

Performance Leaders	Payload Leaders	Popularity Leaders	Price Leaders
Most Powerful Chevrolet Trucks Ever Built!	Cost Less To Operate Per Ton Per Mile!	In Each and Every One of the 48 States!	Now at New Lower Prices!

On the hills or on the straightaway, the efficient new Chevrolet P-L Trucks are far ahead in performance. They give you high pulling power over a wide range of usable road speeds—and high acceleration to cut down total trip time.

Far Ahead with lower operating costs per ton mile. The rugged construction and all-around economy of Chevrolet P-L trucks cut running and repair costs—let you deliver the goods with real reductions in cost per ton per mile.

Final and official 1949 registrations show that in every State in the Union more people bought Chevrolet trucks than any other make. In total, they were preferred over the next two makes combined—convincing proof of greater value.

From recently reduced prices to high resale value, you're money ahead. Chevrolet's rock-bottom initial cost—amazingly low cost of operation and upkeep—and high trade-in value—all add up to the lowest price for you.

FAR AHEAD with all these PLUS FEATURES

- TWO GREAT VALVE-IN-HEAD ENGINES: the New 105-h.p. Load-Master and the Improved 92-h.p. Thrift-Master—to give you greater power per gallon, lower cost per load
- THE NEW POWER-JET CARBURETOR: smoother, quicker acceleration response
- DIAPHRAGM SPRING CLUTCH for easy-action engagement
- SYNCHRO-MESH TRANSMISSIONS for fast, smooth shifting
- HYPOID REAR AXLES—5 times more durable than spiral bevel type
- DOUBLE-ARTICULATED BRAKES—for complete driver control
- WIDE-BASE WHEELS for increased tire mileage
- ADVANCE DESIGN STYLING with the "Cab that Breathes"
- BALL-TYPE STEERING for easier handling
- UNIT-DESIGN BODIES—precision built
